

Primary student use of mobile phones and personal devices policy

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

All students are required to place their phone in a named plastic bag, which is then placed in a class box in the Front Office. Class boxes are then stored in the storage room during the day. Students are to bring their phone into the Front Office immediately after arriving at school.

If the student does not comply

Outline:

- If a student does not hand his /her phone/device in to the Front Office, they will be reminded of the school policy and asked to immediately take their phone/device to the Front Office.
- If such behaviour continues, we will implement the school Behaviour Code and contact parents asking them to keep the phone/device at home for 2 weeks.

- If a student is found to be using his/her phone inappropriately at school, we will implement the school Behaviour code; contact parents and ask to meet with the student and a member of the Leadership team. Such behaviour will result in the phone/device being banned from the school from 2-4 weeks.

Roles and responsibilities

Principal

Enforce the policy and responses to instances of non-compliance.

School staff

Deliver learning opportunities and maintain a safe and productive learning environment. Respond to instances of non-compliance in line with the school's policy.

Students

Comply with the requirements of the school's policy and follow all reasonable directions from the Principal and school staff.

If permitted to use a mobile phone or personal device in line with an exemption under this policy, do so in a safe, responsible and respectful way and support peers to do the same.

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

Parents

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.

Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school). Encourage their child to always report to a school staff member in the first instance if they become unwell or experience an issue at school.
