9 June 2022

Principal Update

Dear Families,

After taking the last few weeks as leave, I have realized this is the right time for the school and personally for me to remain on leave leading to retirement. Being an educator is one of the most rewarding and amazing professions and I feel privileged to have been able to follow my passion for 40 years. The school is in an excellent position with a strong staff group, amazing students, and supportive and caring parents. I am sad about leaving because I have really enjoyed my 9¼ years at Nuriootpa Primary it has been such a large part of my life. There have been so many positive changes over the last 9 years, and it is now time for new leadership to take the school to the next level. Our Education Director is aware of my decision and she will be working with the Governing Council and the school to find my replacement.

Thank you for your support and allowing me to be a part of your child's life, it has been a pleasure working with you and your children for all of these years. I wish you and the school all the best in the future. I look forward to seeing you in the community.

Cheers, Jill

FROM THE PRINCIPAL

We wish Jill all the best as she transitions from Nuriootpa Primary School into a time with more rest and play. As a colleague I know how much Jill put into the school and, in particular, was determined to see the best possible physical upgrades were completed leaving the staff and students with a great place to work and learn. We will ensure that Jill is recognised for her hard work, commitment and passion in an ongoing manner as the year progresses.

ASSEMBLY FRIDAY JUNE 10 AT 9AM - MRS STOKOE/COOKE AND MR NORTONS CLASS' PRESENTING + SEG PRESENTATIONS. PARENTS ARE WELCOME TO ATTEND FOLLOWING SOCIAL DISTANCING RULES

Our Purpose

We key into excellence by developing engaged, independent, lifelong learners who demonstrate respect and responsibility within our school and wider community.

DIARY DATES

13th June

Queen's Birthday
Public Holiday

14th June

Pupil Free Day

8th July

Last day of Term 2
Early dismissal 2:15pm

25th July

First day of Term 3

FROM THE PRINCIPAL CON'T

Teaching & Learning

Over the course of this term staff have been busy focussing on our Numeracy goal and implementing the Big Ideas in Number concepts. Teachers have worked together in groups to look at what are known as Best Advice papers in 3 conceptual areas of Trusting the Count, Place Value and Multiplicative Thinking, and have also made sure we have up to date data indicating where students are on the number sense (BliN) continuum.

Big Idea	Year Level										
	R	1	2	3	4	5	6	7	8	9	10
Trusting the Count											
Place Value											
Additive to Multiplicative Thinking											
Partitioning											
Proportional Reasoning											
Generalisation											

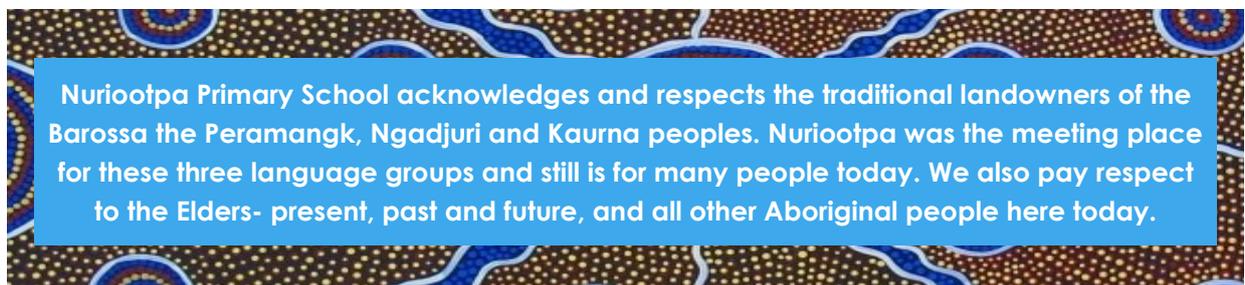

What can you do to help your child(ren)?

“Mathematics, more than any other subject, has the power to crush students' spirits, and many adults do not move on from mathematics experiences in school if they are negative (Boaler, 2016, p.x cited in DECD_BEST-ADVICE_1.0_Beliefs-and-attitudes-about-mathematics_v12.pdf)”

Always speak positively about maths (even if your experiences were not great). Try to avoid saying “I always hated Maths too” or “I wasn't great at Maths either” and instead say “Maths is everywhere, I use it in my work when I...” and “even though it can be tricky, you will always improve if you keep giving it a go”

Reconciliation Week

All of last week the teachers focused their key learning around reconciliation. The Acknowledgment of Country has been written by our students, with Brooke, the Aboriginal and Cultural Education Officer.

Student Free Day Tuesday 14th June

On our Student Free Day we will be focussing on the strategies that we need to be using to target learning for all students. Student Free Days are a valuable opportunity for teaching and SSO staff to get together, plan and share their expertise. We thank the school community for continuing to support these days.

Edie Kloeden from Ms Murray and Mrs Cooke's class created this Haiku.

FROM THE PRINCIPAL CON'T

Student Behaviour & Rough Play

We continue to support students to make the best choices at all times regarding behaviour and how they interact with others. Of course sometimes children become too escalated/angry/frustrated /etc! and the wrong choices are made. When this happens we have a consistent and coordinated approach to managing and developing behaviour, and frame this in as restorative a way as possible while also ensuring the school is a safe place to play and learn.

What can you do to help your child(ren)?

In the last few weeks there have been several situations where play in the yard has been too rough or where students have just not considered a 'better choice'.

Please encourage your children to play safely and make the best of their yard time

Wellbeing

We have been working to further develop our Wellbeing Programs at the school and have several different initiatives happening, including the Kimochis, Berry Street, Friendship Groups, PALS (Play at Lunch), Gardening and a Becoming program in the Upper Primary.

What can you do to help your child(ren)?

Continue to check in with your child about their school experience and keep the line of communication open with their class teacher. We will talk to you should we be concerned with the wellbeing of your child and we hope that you will do the same!

New staff

We welcome Monica Jenkins onto staff as a Classroom support SSO. Monica started this week and is supporting students across the school. She will also be doing some Maths intervention in the coming weeks.

SkoolBag 

FROM THE DEPUTY PRINCIPAL

Nuriootpa Primary School Dress Code

The wet wintery weather is upon us. As the majority of children start rugging up to keep warm, we have noticed many non uniform items being worn.

Why have a school uniform?

- it promotes a sense of belonging and pride in the school and community
- it gives the school a unique identity
- it creates a sense of equity for the students
- it is practical in its application to a wide range of physical activities & weather conditions
- it eliminates competition for brand name and 'fad' clothing.

The uniform shop sells our school logo tops, jumpers and fleece jackets for wearing at school. We also have a variety of second-hand items for sale.

Black or navy blue long sleeve tee shirts/skivvies can be worn under school shirts and plain black or navy blue track pants can also be worn for added warmth. Black or navy blue beanies may be worn during term 3 & 4, when outside only. Jackets and rain coats can be worn to and from school, but are to be removed when in class.

We would appreciate you taking the time to reinforce, with your child/ren, the wearing of the correct school uniform, as we have had noticeable amounts of jewellery, 'fake' nails, nail polish and brand name clothing being worn this term by students.

* Please refer to our NPS Dress Code Policy on the school website. <https://nurips.sa.edu.au/parent-info/>

PS. Don't forget to label all of your child's clothing. There must be a few cold children as we have quite a collection of 'lost' jumpers and jackets at the front office.

Thankyou

Adele White

Deputy Principal

WELLBEING AT NPS

Dear Parents and Carers,

A developing issue in Australian's schools is the of vaping on school grounds.

We would like to make parents aware of the concern held by schools across the nation about this issue and to invite parents to work with us to keep our students safe.

What is vaping?

Vaping is the act of smoking e-cigarettes, or 'vapes', which are lithium battery-powered devices that look like metallic pens, USBs and other hand-held systems. Vapes use cartridges filled with liquids, or 'juice', which typically contain nicotine, artificial flavourings, and various chemicals. The liquid is heated into an aerosol, or vapour, and inhaled into the user's lungs. Vapes generally come in three main types: minis, closed pods, and refillable. The range of choices within these categories has evolved rapidly in recent years, with countless new models and liquid flavours available.

The sale or supply of e-cigarette products to a person under the age of **18 years** is illegal in South Australia.

Health Risks and Harms

The long-term health effects are still relatively unknown but what we do know is that vaping is associated with side-effects such as nausea, vomiting, mouth and airway irritation, chest pain and palpitations.

One common vaping misconception is that they contain harmless water vapour - in fact, vapes emit an aerosol made up of tiny toxic particles. While this aerosol might contain fewer chemical additives than combustible tobacco products, it still contains harmful compounds. An Australian study into flavoured vape juice unveiled that the toxic particles within these liquids can include:

- Formaldehyde and acrolein, which can cause irreversible lung damage
- Propylene glycol and vegetable glycerin, which are toxic to human cells
- Nicotine, which is highly addictive and can harm the still developing adolescent brain -particularly in areas that control attention, learning, mood, and behavioural control.

Vaping is associated with the future uptake of cigarette smoking, and can be considered a 'gateway' to further risk and health complications.

Recommended Parent Resources

Paul Dillon, Director and founder of DARTA provides a range of resources dedicated to parents on his website under the resource section: <http://darta.net.au/>.

We encourage you to read the following 'Information for Parents' sheets on his website:

- 'Vaping Resources for Parents' - [Vaping-Factsheet Parents.pdf \(cggs.vic.edu.au\)](http://cggs.vic.edu.au/Vaping-Factsheet_Parents.pdf)
- 'E-cigarettes and Vaping' - [PARENTS-VAPING-FS-FINAL-2022.pdf \(darta.net.au\)](http://darta.net.au/PARENTS-VAPING-FS-FINAL-2022.pdf)

Claire Morichaud-Shields

Wellbeing Leader

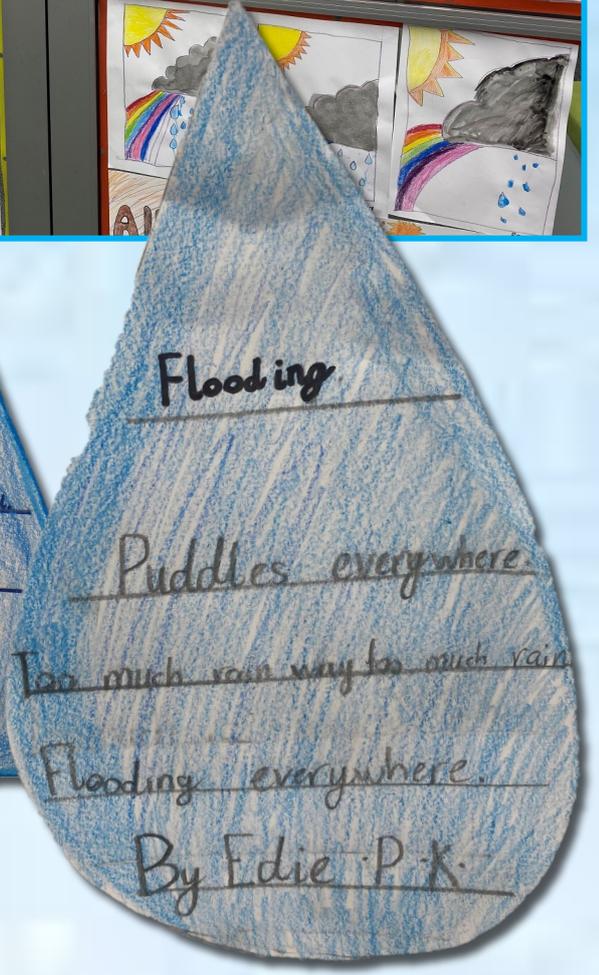

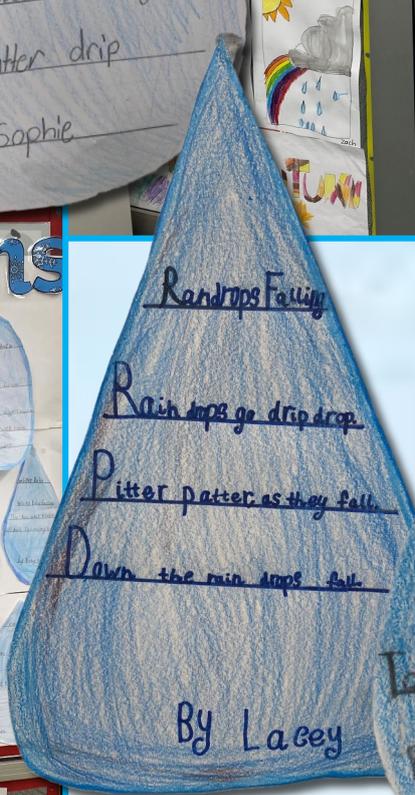

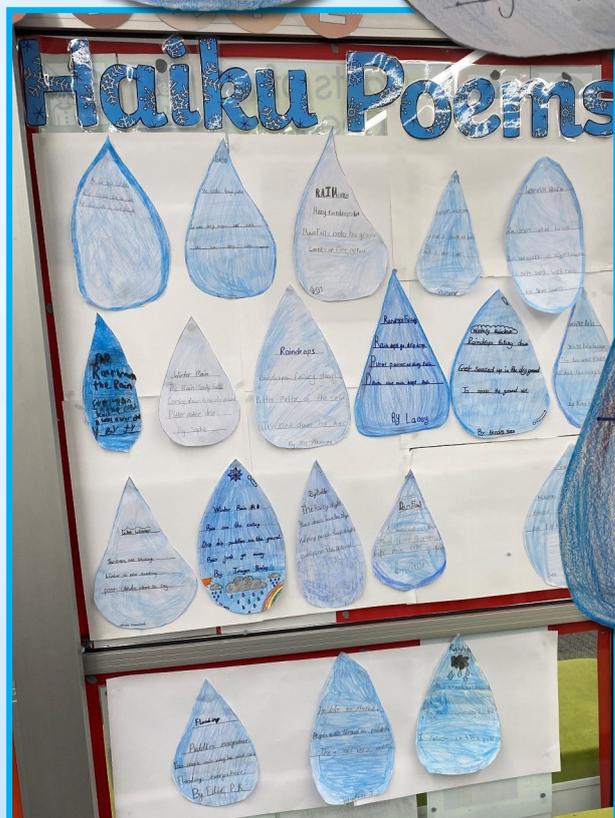

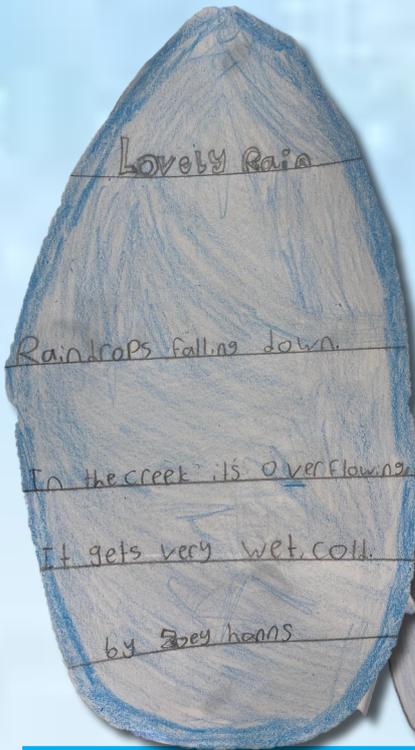

Winter in Ms Murray's Class

Winter has finally hit! This inspired us to do some Winter Art. We decided to make art using crayons and paint. The class followed a tutorial to make the rainbows art. We used water colour for the cloud and raindrops and added a pop of colour with bright colours for the sun and rainbow.

Our class also made a rain drop Haiku poems.

Now what is a Haiku poem you may ask? A Haiku poem is a type of poem where the first and last lines are contain 5 syllables and the middle line has 7 syllables. This poem is most commonly associated with Japanese nature. Haiku poems do not need to rhyme.

By Edie and Sophie

PASTORAL CARE WORKER

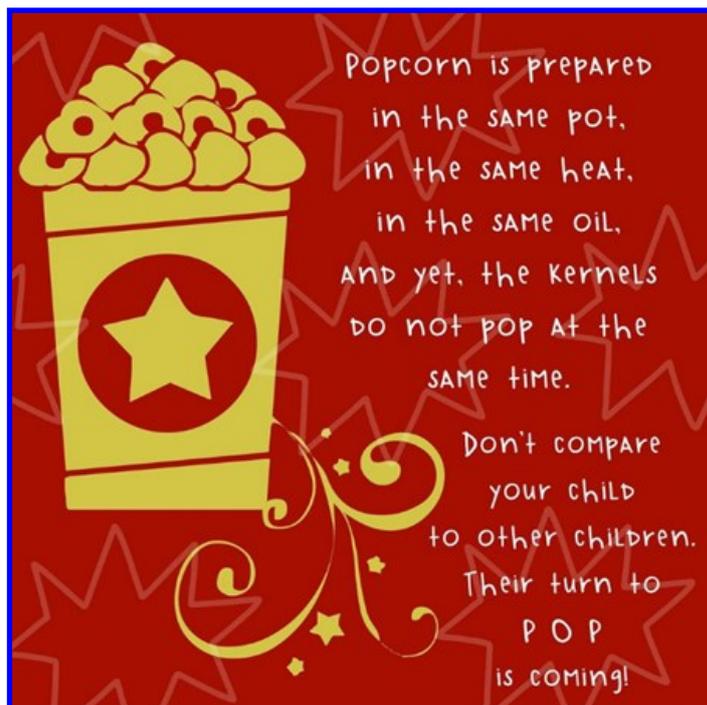

Breaky Club is Back!!

Breaky Club is back! The Wellbeing Leader and myself will be starting up our Breaky Club again. Being mindful of Covid restrictions we will still be serving through the window at this stage – but you can expect buttered toast and fruit available through the servery window of the octagonal building (in Junior Primary area) on Monday and Fridays from 8.30am.

Assistance During Crisis...

Just a reminder that the school has access to a wide variety of resources and community support that may be able to help you during a time of crisis. If you are in need of a relief meal during a tough time or are looking for some support in another area please contact me or your class teacher at the school, and we will look into how we can best support you through your difficult time.

I am in the school on Monday, Wednesday & Friday morning and am contactable on kylie.heinrich646@schools.sa.edu.au.

STUDENT EXECUTIVE GROUP 2022

The Student Executive Group held their first meeting on Friday week 4. This years elected members were keen to plan the upcoming assembly as well as discuss future projects for our school. They have committed to promoting a positive culture at NPS through fundraising, connecting with community groups, reporting to Governing Council and maintaining an environmentally friendly approach.

The SEG elected the following students for specific roles.

Chair persons	Elsie C and Ben Q
Secretary	Levi G
Environment Group	Tyler B and Tung L
Communication Group	Lily J, Georgia T and Ben Q
Citizenship Group	Elsie C, Liana B and Daniella W
Wellbeing	Imogen B

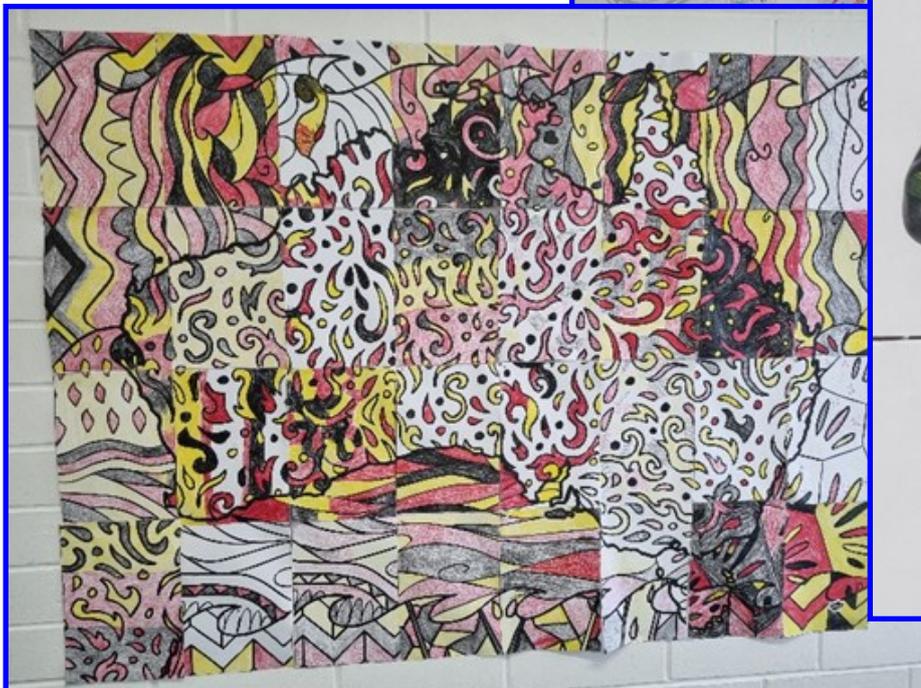

RECONCILIATION WEEK

This past week was National Reconciliation Week (May 27th- June 3rd) which generated some buzz around the school.

Here are just some of the fun activities students participated in:

- The ATSI cohort looked into this years theme "Be Brave. Make Change." By creating a 'banner' to decorate the Nunga Room.
- ATSI students were able to invite a friend to share the experience of dot painting on some rocks.
- During the week each class had the opportunity to work as a team and produce a few different artworks (collaborative colouring) to hang around the school.
- Each class also had a 'Sway' Presentation shared with them on National Sorry Day (May 26th) and Reconciliation Week.
- ATSI students did a reflection work sheet to reiterate what they had learned

Ms Murray's class' collaborative art work.

WALK SAFELY TO SCHOOL DAY 2022

Friday May 20th was the National Walk Safely to School Day. Students are encouraged to walk, scoot or ride safely to school to promote road safety, health, public transport and the environment.

The objectives of the event are:

- To encourage parents and carers to walk to school with primary school age children and reinforce safe pedestrian behaviour.
- To promote the health benefits of walking and help create regular walking habits at an early age.
- To help children develop the vital road-crossing skills they will need as they become mature pedestrians.
- To reduce the car dependency habits that are being created at an early age and which will be difficult to change as children become adults.
- To promote the use of Public Transport.
- To reduce the level of air pollution created by motor vehicles and to reduce the level of traffic congestion.

NPS students who participated were welcomed with fresh fruit and tattoos for their effort.

HEALTH AND PE NEWS

During the last few weeks of Term One and the first half of this term many students have been involved in School Sporting events. Some students have represented the school in the School Sports S.A District Athletics Carnival in Week Ten of last term or the recent District Cross Country Carnival on the 25th of May. Others have tried out for the SAPSASA Australian Football and Netball teams. To see such high participation rates in these carnivals despite a disruptive start to the year is fantastic. All students who have represented the school have demonstrated excellent commitment to improvement through training, both during and outside of school hours.

On Wednesday 6th of April twenty-one students represented Nuriootpa Primary School at the SAPSASA District Athletics Carnival held at Lyndoch Oval. These students came to try outs during their recess and lunch times and once they had been selected trained for several weeks in their own time. They are to be commended for their dedication to improvement. On the day we had some outstanding performances with placings within the top 5 of several events across age groups. Special mention must go to Caleb Wilkey and Wilbur Gladigau who made it to the 100 Metre finals in their respective age groups.

The most impressive aspect of the day was the resilience and sportsmanship on display from our students. Many students had to overcome discomfort, disappointment or misfortune during the day. The way in which students faced and overcame these obstacles is a credit to them and deeply impressive. This excellent attitude extended beyond their own personal achievements but to the achievements of others. Not only did they cheer on their schoolmates but also students from other schools and helped to clean up the oval after the day had finished.

Most students were competing in a discipline for the first time and should be applauded for the way in which they applied themselves. Overall each of them should be proud of themselves and the way they represented the school.

A special thank you goes to the overwhelming amount of parent/caregiver support that was offered on the day to both transport students and help officiate. All school sports rely upon volunteer support in order to function. Without this support these carnivals would not be able to proceed and students would miss out on fantastic opportunities.

Thank you to Janine Gladigau, Marni Southam, Kathryn Trenwith, Jeremy Miles, Cassie Pudney, Mellissa Short, Madeleine Chapman and Nikki Doecke for volunteering to transport students and their help on the day.

16 exceptionally brave Nuriootpa Primary School students also competed in the SAPSASA District Cross Country Carnival on a sunny and tropical Wednesday the 25th of May. For many students this was their first experience with long distance running and they performed admirably. No students gave less than their best and all displayed great enthusiasm and sportsmanship. We had some excellent results with multiple top twenty finishers and several personal bests. Special mentions go to Phoebe Dyer and Esther Guy who finished 6th and 7th in a field of close to 40 students. Once again all students displayed fantastic sportsmanship and should be congratulated for their persistence and effort.

List of Competitors

District Athletics

Oscar Gladigau	Ben Quodling	Zach Urry
Rubi Miles	Carter Wilkey	Hayden James
Elsie Chapman	Caleb Wilkey	Riley Trenwith

What is Minecraft: Education Edition?

You may already be familiar with Minecraft, a popular game where players collaborate and build creatively with blocks in immersive 3D worlds. Minecraft: Education Edition is a game-based learning platform that builds STEM skills, unleashes creativity and engages students in

collaboration and problem-solving. Minecraft helps educators meet students where they are and inspires deep, meaningful learning across subjects.

Anyone can use Minecraft as an alternative to a poster, project, or other activity in which they explain or model a topic. Learners can also design, engineer, and model solutions to challenges in Minecraft. Minecraft: Education Edition includes hundreds of pre-made Minecraft worlds. Players can build their own worlds, allowing them to engage in and explore an instructive virtual environment. Minecraft learning can happen alone or when classmates and friends join each other simultaneously in a multiplayer experience. To learn more about the hundreds of lessons available for Minecraft: Education Edition, visit <https://education.minecraft.net/class-resources/lessons/>

What is different about Education Edition?

1. Education-specific game features: Tools like the camera, portfolio, and Book & Quill let players capture learning, write stories and export their observations for sharing with others.
2. Code Builder and the Agent: The Minecraft Agent is your in-game coding companion. Using the built-in code editor, learners can write code to command the Agent do a range of activities in the game while learning coding fundamentals.
3. Chemistry: The Chemistry resource pack in Minecraft: Education Edition allows learners to discover the building blocks of matter, combine elements into useful compounds and fun items, and conduct amazing virtual science experiments.
4. Lesson Plans: The Minecraft: Education Edition website offers a library of hundreds of lesson plans in Language Arts, Computer Science, Math, Art & Design and History. Many of these lessons have supplementary Minecraft worlds, so students can apply their learning in-game.

How does Minecraft: Education Edition support learning?

- Supports deep and meaningful student-led learning that builds confidence and keeps students engaged.
- Standards-aligned lessons and curriculum drive learning outcomes in subjects including science, technology, engineering and mathematics (STEM), history and language arts.
- Supports virtual learning experiences that directly link to and expand on the subjects being taught in the classroom.
- Encourages collaboration, empathy and communication, helping students build critical social-emotional skills
- Promotes key 21st century skills that prepare students for the future workplace including creativity, problem solving and critical thinking.

SAFETY REMINDER

Please remind your child of the correct path to take when leaving school grounds on bikes and scooters.

Students should leave the bike shed and continue along the footpath at the back of the bowling club carpark near the fence.

They should continue on the footpath past the swimming pool and then over the footbridge over the creek.

Students are NOT permitted to ride or scoot through the school grounds or past the front of breakfast club and the bowling club. This is for their safety as well as the safety of foot traffic and vehicles.

CANTEEN NEWS

As we start a New Year PLEASE update your child's new class teacher on the Qkr app. Please ensure you are using the 2022 prices as some items have increased slightly in price.

The canteen is open Wednesday to Friday for recess and lunch purchases. Due to Covid, we are unable to accept any volunteers at this time.

PLEASE REMEMBER
to pack a fork or spoon

We need your help!

NPS is excited to announce that Craft Club will be commencing soon. This club will be accessible to all students and run by Frau Cooke and Ms Wild, every Thursday at lunch.

In order to make this a success we are in need of donations of materials such as wool, fabric offcuts, buttons, beads or glue.

PUPIL FREE DAY :)

A reminder that

Tuesday June 14th

is a student free day.

Enjoy your extended long weekend.

SCHOOL NOTICES

STUDENTS ON SCHOOL GROUNDS

Students who are on school grounds before 8.30am and after 3.30pm are not supervised and the school is not able to take responsibility for them.

Before 8.30am students need to wait under the shelter near the staffroom and after 3.30pm they are asked to come to the office so we can contact families.

UNIFORM SHOP

Uniform orders can be placed online **only** via the QKr app. Uniforms will be distributed to students on Thursdays.

CANTEEN OPENING TIMES

Wednesday to Friday

Open for recess purchases

Lunch Orders can be placed online via the QKr app **BEFORE 8.45am**

Or by cash via the classroom box

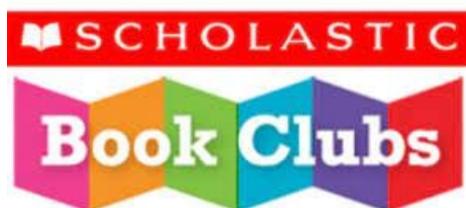

HAPPY HAVEN

FREE SUICIDE AWARENESS TRAINING

REDUCING SUICIDE IN SOUTH AUSTRALIA'S REGIONAL AREAS

Most people with thoughts of suicide don't want to die—they are just struggling to bear the pain of living in the moment. Through their words and actions, they usually send invitations to others for help. Suicide awareness training teaches you how to recognise these invitations and equips you to offer help. **Enhancing Barossa's Mental Health and Seeds of Hope Suicide Prevention Network** are working with MATES in Construction to provide two free training sessions in the Barossa Council Region. Anyone 15 years or older can attend and no prerequisite experience, training or qualifications are required.

Register your interest to attend by scanning or clicking on the QR codes below.

GENERAL AWARENESS TRAINING

This 45 minute session outlines the impact of suicide in the community, how to recognise the signs and signals of someone at risk, and how to support someone in crisis and find help.

Wednesday 22 June 2022, 6.00pm – 6.45pm

Angaston Football Club

safeTALK / CONNECTOR TRAINING

safeTALK/Connector training provides a much deeper understanding of how to recognise a person at risk and develops the skills required to keep them safe while connecting them to help.

Friday 1 July 2022, 10am – 2.00pm

Angaston Football Club

For more information (or to book via phone), contact Amanda on 0499 051 995

AN INITIATIVE SUPPORTED BY COUNTRY SA PHN

MATES in Construction SA and Country SA PHN have partnered together to offer suicide prevention training within regional South Australia.
